Dear Franziska and Christian,
Thank you for your warm hospitality during our wonderful visit to Santa Maria.
Your love for the sunshine island and its beautiful nature made us also
fall in love with it. We hope that we will come back soon and
-who knows- maybe even move here one day to be your neighbours.
Thank you for the delicious fruit you have grown, the best avocados
we ever had, and the smiles on Delphy's face as she got to know
you both during the past two weeks. This was her first big trip, her
first visit to the ocean, and her first time sleeping in a cot away
from our London home. I think she had magical dreams of sunshine
and foggy jungles and mysterious mountains. Thank you for
the delicious Austrian-Swiss-German dinner too and for sharing your
passion for ecologically friendly and sustainable ways of farming and
treating our planet. We will send you an update from Sao Miguel
and hope to stay in touch.

Thank you for everything! ♡
